# REVOLUTION

Collections manufactured by  
recovering and recycling plastics  
from the Mediterranean

**Ibiza** by Eugeni Quitllet

This is the first collection we launched by recovering and manufacturing recycled fishing nets from the Mediterranean Sea. Eugeni Quitllet was inspired by the idyllic natural surroundings of Ibiza, where he spent his childhood, to design a unique Mediterranean inspired collection. Wave shaped liked pieces that also simulate seashells.

The Brooklyn Chair is available in three Revolution colours: Milos, Cala and Manta. We obtain Manta colour from recollecting and processing fishing nets from Mediterranean fishermen and transforming them into durable and recyclable products.

The Revolution's white is called Milos (on the right photo) and it is the result of transforming recycled plastics from our Mediterranean coasts. Our designs are created with a soul.

Cala (on the right photo) is a bright but also warm colour obtained from processing plastics from the Balearic Islands and transforming them into lasting and recyclable products.

**Pedreera** by Eugeni Quitllet

In our VONDOM Revolution range, we manufacture our products using recycled plastic from the Mediterranean Sea, extending its life and enhancing its real value. Due to the origin of this raw material slight natural imperfections may appear, which gives every piece its own personality and spirit.

Para proporcionarle un uso duradero y seguro al producto, por favor siga las siguientes instrucciones:

- Todos nuestros productos son aptos tanto para interior como para exterior.
- La exposición continua al Sol, especialmente los colores oscuros, puede provocar lesiones por contacto con la piel. Tenga la precaución de verificar la temperatura de los muebles antes de su uso en horas de sol extremo.
- Coloque la pieza en una superficie regular y sin pendiente para evitar desplazamientos incontrolados.
- Manténgala alejada de fuentes de calor excesivas.
- El producto no es un juguete. No permita que los niños jueguen con ellos, para evitar accidentes.
- Mantenga sus muebles fuera de fuentes de polvo para mantenerlos limpios. En caso de que se requiera su limpieza se recomienda el uso de sistemas de presión de agua tipo KARCHER y/o desengrasantes domésticos de forma periódica. Nunca utilice productos abrasivos o corrosivos.
- Para una mejor conservación del mobiliario, se aconseja cubrir con fundas para cada uno de los artículos.
- Las colecciones lacadas son aptas para el exterior pero hay que extremar su cuidado puesto que son más delicadas, no debe utilizar agua a presión ni productos abrasivos o corrosivos. Para ello, es aconsejable aplicar cada 2 ó 3 meses cera de carrocería y así eliminar la aparición de posibles arañazos.
- Existen acolchados aptos para el exterior, disponibles para algunas colecciones. Se recomienda limpiarlos periódicamente utilizando un paño con jabón neutro y agua.
- Limpie las partes de acero inoxidable con productos adecuados.
- En caso de sustituir la bombilla, asegúrese de que el cable no está conectado a la corriente eléctrica.
